

I want to strongly urge you NOT to change the Indiana law regarding phone calls and the Do Not Call statute. I don't want a change, I think the existing law that Indiana has protects from unwanted telemarketing and I want the existing laws to stand in our state. This has been a breath of fresh air in that this existing law has made me not dread the phone ringing in the evenings. Before this law took effect, I was receiving 7-8 calls PER EVENING and it was so frustrating! Please don't reverse or change this law to make it easier for telemarketers. This is our only protection to help keep our PHONE NUMBERS PRIVATE and for the use as WE the CUSTOMER decides to use our phones for! Let's not undermine the state governments that are trying to help us! Thanks for your time. Rhonda Kontos
